

**Children Under Age 7 Need These Immunizations to Attend School (K-12) in Arizona  
2008-2009 School Year**

<b>Immunizations</b>	<b>1<sup>st</sup> Dose</b>	<b>2<sup>nd</sup> Dose</b>	<b>3<sup>rd</sup> Dose</b>	<b>4<sup>th</sup> Dose</b>	<b>5<sup>th</sup> Dose</b>	<b>6<sup>th</sup> Dose</b>
<b><u>(DTaP/DTP) Diphtheria, Tetanus &amp; Pertussis, (DT) Diphtheria &amp; Tetanus</u></b>	Required	Required	Required	Required. Must be at least 6 months after dose #3.	Required if dose #4 was before the 4 <sup>th</sup> birthday. Not needed if dose #4 was on/after 4 <sup>th</sup> birthday.	Required only if 5 doses were given before the 4 <sup>th</sup> birthday.
An interval of at least 4 weeks is required between the first 3 doses of <b>DTaP/DTP/DT</b> . An interval of 6 months is required between the 3 <sup>rd</sup> and 4 <sup>th</sup> doses.						
<b><u>(IPV/OPV) Polio</u></b>	Required	Required	Required	Not needed if dose #3 was given at 4+years. 4 doses meet the requirement even if all were given in the first year of life.		
An interval of at least 4 weeks is required between all <b>Polio</b> doses.						
<b><u>(MMR) Measles, Mumps, &amp; Rubella</u></b>	Required	Required				
<b>MMR #1</b> is due at 12-15 months of age. <b>MMR #2</b> may be given 1 month after <b>MMR #1</b> . <b>MMR #2</b> is required for grades K-12.						
<b><u>(Hep B) Hepatitis B</u></b>	Required	Required	Required. Must be at least 24 weeks of age.	Required only if dose #3 was given before 24 weeks of age.		
<b>Hep B #1</b> may be given at birth. Dose #2 is due 4-8 weeks after dose #1. Dose #3 is due 2-5 months after dose #2, at least 4 months after dose #1 and no sooner than 24 weeks of age.						
<b><u>Varicella (Chicken Pox)</u></b>	Required	Recommended				
In the 2008-2009 school year, children enrolled in preschool, kindergarten and grades 1, 2, 3, 4, 7, 8, 9, and 10 are required to be immunized against varicella (chicken pox) or have a history of chicken pox disease. Parental recall of chicken pox is acceptable. <u>One dose of varicella vaccine meets the requirement for all children except those vaccinated at 13+ years of age.</u>						
Note: If MMR and Varicella vaccine doses were not given on the same day, they must be given at least 28 days apart.
